

Sponsorship Opportunities & Benefits for Sponsors and Supporters

Most IENE events are open to sponsorship and financial support from businesses and organizations. Sponsors are usually organizations and corporations operating within the broader energy field, (e.g. oil, gas, coal, electricity, renewables). Organizations and companies from other fields such as banking, financial and legal services may also become sponsors. The amounts involved for sponsorship and financial support of IENE events vary and are determined according to the standards and organizational conditions involved each time.

The convening of an international conference such as the [12th South East Europe Energy Dialogue](#) requires very high standards of organisation which is a prerequisite for the success of this unique regional event. Now in its twelfth edition the “S.E. Europe Energy Dialogue” is an established event which attracts hundreds of delegates from all countries of the region but also from all over Europe and Eurasia. In addition, there is high level participation from several international organizations such as the IEA, the World Bank, the European Community, EBRD, the EIB, the Energy Charter, the Energy Community, etc.

Benefits

Benefits for Sponsors and Supporters include the following:

- 1. The logo and name** of each sponsor or supporter will be displayed in various ways, such as:
 - On the announcements which are sent out before, during and after the event
 - On the microsite of conference
 - On the general and thematic banners to be displayed during the conference
 - In the official programme of the conference
 - In the proceedings which will contain the conference presentations and will be posted on the microsite of the conference after the event

2. The name of each Sponsor or Supporter will mentioned in all Press Releases, which are sent to the media before, during and after the conference.
3. Each sponsor is entitled to six months' free inclusion of its logo on IENE's web sites www.iene.gr and www.iene.eu.
